## **Filner Calls For New Fighter To Be Based At NAF-El Centro**

Congressman Bob Filner strongly urged the Department of Defense to locate the new F-35C Joint Strike Fighter at Naval Air Facility (NAF) El Centro.

"I strongly support locating the F-35C Joint Strike Fighter at NAF El Centro, as along with El Centro's beautiful, sunny weather that ensures pilots year-round flying weather, it has a full array of base facilities to support personnel and it also offers first-rate, on-base housing units for all pay grades," said Congressman Filner.
