### **Congressman Bob Filner's Statement on Susan G. Komen for the Cure's Decision to Reverse Course**

Washington, D.C. - Congressman Bob Filner released the below statement regarding Susan G. Komen for the Cure Foundation's decision to continue to fund breast cancer screenings through Planned Parenthood:

"I'm happy to see that Susan G. Komen for the Cure has reversed their decision and will continue to fund breast cancer screenings through Planned Parenthood. Their original decision to defund these cancer screenings sent a devastating message. It said that politics is more important than making sure women of all income levels and communities have access to lifesaving screenings. It would have had a serious impact women's healthcare."
